

55v communication lithium battery pack

Overview

Why should you choose Vanguard ® commercial lithium-ion battery packs?

Designed as a durable integrated battery system. Scalable. Serviceable. Sustainable. Vanguard ® Commercial Lithium-Ion Battery Packs provide unmatched power, reduced maintenance and lower total cost of ownership. Learn why all batteries are not created equal in our latest Charged series article focused on Lithium-Ion battery safety.

What is a lithium-ion battery pack?

Lithium-Ion battery packs are the preferred power solution for today's portable equipment. Portable device applications typically require the inclusion of power interaction functionality more than ever before.

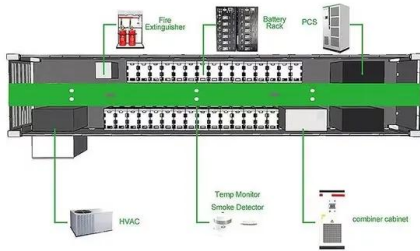

Are lithium batteries safe?

Yes, lithium-ion batteries are very safe when properly designed, manufactured, and when used as intended. Are there any special requirements or certifications needed to handle lithium batteries?

Yes, lithium batteries should ship in accordance with UN38.3 and hazmat guidelines. How do I return a battery?
