

# **Are there any communication base station inverters in Mongolia**

## Overview

---

- 385,000 fixed lines in use, 102nd in the world (2019 estimate).
- 4.3 million mobile-cellular lines in use, 127th in the world (2019 estimate).
- International dialing code: +976. There are two landline telephone companies in Mongolia: (MTC) an.

How many longwave broadcasting stations are there in Mongolia?

In the whole country there are 5 longwave broadcasting stations, the most powerful at Ulaanbaatar with 1000 KW. Mongolian TV Broadcasting started on 27 September 1967 with the start of Mongolian National Television. Mongolian National Broadcaster, the official, state-funded television channel in Mongolia.

Who provides VSAT internet services in Mongolia?

DDishTV LLC, provides VSAT Internet connections, especially in rural area of Mongolia. Incomnet LLC, provides data communications network services throughout Mongolia, as well as satellite telephone call and satellite Internet services in remote areas since its establishment in 2001.

How many radio stations are there in Mongolia?

Skytel: Covers Ulaanbaatar and rural Mongolia (area not specified), and has 22,000 users. As of 2008, more than 100 radio stations, including some 20 via repeaters for the public broadcaster as well as transmissions by multiple international broadcasters were available. As of 1997, there were 360,000 radios.

Will Mongolia allow 4G mobile internet?

But with the plan of Communications Regulatory Commission of Mongolia that will allow the nationwide introduction of 4G mobile Internet technologies by approving licenses to use radio spectrum for 4G LTE service to Mobicom Corporation, Unitel, Skytel according to the first commission meeting in 2016 this problem should be resolved.

How has wireless technology impacted rural areas in Mongolia?

Wireless technologies have had greater success in rural areas. Mobile phones are common, with provincial capitals all having 4G access. Wireless local loop is another technology that has helped Mongolia increase accessibility to telecommunications and bypass fixed-line infrastructure.

How many landline telephone companies are there in Mongolia?

There are two landline telephone companies in Mongolia: Mongolia Telecom Company (MTC) and the Mongolian Railway Authority. MTC is a joint venture with Korea Telecom and partially publicly owned. MTC leases fiber-optic lines from the Mongolian Railway Authority and connects to all aimags and soums.
