

Australia s leading manufacturer of industrial and commercial energy storage cabinets

Overview

EVO Power is a leader in energy storage technology and innovation that enables electrification of large commercial and small utility projects with fully integrated energy storage solutions. When will battery energy storage systems be available in Australia?

The construction of the grid was anticipated to begin in early 2022 and is expected to be in operation by 2023. Thus, upcoming projects in Australia are expected to boost the demand for battery energy storage systems (BESS) during the forecast period.

Who uses storage cages in Australia?

We service many industries across Australia including; Mining, Oil & Gas, Government Departments, Distribution Centres, Manufacturing Facilities, Construction Projects, Defence and Transport operations. Are Storage Cages Worth the Investment?

When managing warehouse logistics it's very common to come across storage cages.

What are large capacity storage cabinets?

As part of our Cabinets, our Large Capacity Storage Cabinets are ideal solutions for storing large capacity objects, practical storage and organisation of large tools and materials. Backsafe is Australia's leading supplier of Large Capacity Storage Cabinets for businesses and this is reflected in the huge range of cabinets that we have on offer.

How many energy storage batteries are there in Australia?

According to the Clean Energy Council, in 2021, 34,731 energy storage batteries with a combined capacity of 347 MWh were installed in Australia, witnessing a growth of 45.7% compared to 2020.

Australia s leading manufacturer of industrial and commercial energy storage systems

[BESS Solutions Australia , Commercial and Industrial Energy ...](#)

Leading Battery Energy Storage Systems for the Australian commercial and industrial market. Power range: 500kW-5MW. Explore our solutions for peak shaving, energy arbitrage, and ...
