

# **Azerbaijan s first energy storage power station**

## Overview

---

Will Azerbaijan build the first industrial battery energy storage system?

Azerbaijan is currently conducting the selection of a company for the construction of the first industrial battery energy storage system, Deputy Energy Minister Elnur Soltanov told journalists at the Alley of Honor during the commemoration of National Leader Heydar Aliyev's memory, Trend reports.

What does ACWA Power do for Azerbaijan?

Polina Liubomirova, ACWA Power's Director of Business Development for Azerbaijan, emphasized ACWA Power's extensive experience in delivering large-scale energy projects. Globally, its portfolio spans six gigawatt hours in battery storage across various operational stages—underlining its capacity to bring cutting-edge solutions to Azerbaijan.

How will Azerbaijan & ACWA Power work together in 2024?

In May 2024, ACWA Power and Azerbaijan formalized their partnership via an Implementation Agreement that marks a substantial move toward enhancing the country's energy infrastructure. The BESS project aims to mitigate the intermittent nature of renewable sources like wind and PV, by ensuring energy is efficiently stored and dispatched.
