

Battery cabinet 520 batteries

3.2v 280ah

Overview

Why do you need a batteryguard Battery Cabinet?

With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind. You protect your staff, prevent damage, and meet the requirements of your insurer. And in some countries, you may even benefit from financial incentives or grants. Do you have any idea whether your business is at risk of a battery fire?

.

Are all XL battery cabinets VDMA 24994 certified?

All XL models are VDMA 24994-certified, providing proven safety. Want to quickly find out which model is best suited to your location?

Answer a few short questions in our model finder and instantly discover the battery safe that fits your needs. By choosing Batteryguard battery cabinets, you're opting for the safest solution.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.
