

Cameroon Photovoltaic Lithium Battery Module Factory

Overview

Where are Eneo solar & battery storage plants located in Cameroon?

Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage. The plants are located in Maroua and Guider, in the Grand-North Cameroon.

When is release by Scatec launching solar plants in Cameroon?

22 September 2023, Cameroon: Today, Release by Scatec celebrates the inauguration of the solar plants in Cameroon. Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage.

Are solar power plants generating electricity in Cameroon?

The solar power plants have been completed in phases generating electricity throughout 2022 and are now fully completed. There have been reports of significant improvements of electricity supply in the northern parts of Cameroon. Regions that fall under the Northern Interconnected Network were prone to experiencing power outages.

Who is benefiting from Cameroon's two solar power projects?

Residents and industries are benefiting from the two solar power projects in the northern parts of Cameroon.

Can release improve the power supply in Cameroon?

“Having looked at the success of the two projects and how it has helped improve the electricity supply in Cameroon, Release is well positioned to further strengthen power supply in Cameroon with more capacity,” explains Arnaud Gouet, SVP Utilities at Release.

What is the release by Scatec pre-assembled solar power & battery storage system?

The Release by Scatec pre-assembled solar power and battery storage system is a unique solution and the first of its kind to be deployed in Cameroon.
