

Chad solar panel base station

Overview

The N'Djamena Amea Solar Power Station is a planned 120 MW (160,000 hp) solar power plant in Chad. This renewable energy infrastructure project will be developed by Amea Power, an independent power producer (IPP), based in Dubai, United Arab Emirates. The solar farm will be built in phases.

According to the (USAID), as of May 2021, Chad's national generation capacity was 314 megawatts, nearly all of it derived from expensive "fossil fuels". At that time, the.

This power station is under development and is owned by Amea Power, an independent power producer, active in Asia, Middle East and Africa. The Amea Power Group is.
