

Directly charge the lithium battery pack

Overview

Lithium-ion batteries don't require an extensive initial charging process. Simply plug them in and recharge them to 80–100% before using them the first time.

Directly charge the lithium battery pack

[How to Charge a Lithium Battery Pack?](#)

Charging a lithium battery pack properly is crucial for maintaining its performance and longevity. Here's a step-by-step guide on how to do it safely and effectively:
