

Distributed energy storage prices in Libya

Overview

Where are Libya's oil reserves located?

Libya ranked in the top 10 countries for global proved oil reserves.¹⁶ About 95% of Libya's recoverable reserves are located in the onshore Sirte Basin in the northeast and Murzuq Basin in the southwest.

How much electricity does Libya produce a year?

Libya's electricity generation has declined overall since 2013, and output was an estimated 30 terawatt-hours (TWh) of power generation in 2022.⁶² Over a decade of civil war and insufficient maintenance and investment in aging plants and equipment reduced Libya's ability to produce electricity.

How many MW of electricity does Libya generate in 2023?

⁶⁶ Libya Oil Monitor, "GECOL gives update on power plant maintenance," December 4, 2023; Libya Herald, "Libya generates 8,200 MW of electricity for the first time ever: GECOL," March 20, 2023. ⁶⁷ France24, "Libya lights up after years of power cuts," September 3, 2023.

How much energy does Libya need in 2022?

Fossil fuels met nearly all of Libya's energy demand, with oil accounting for 57% and natural gas accounting for almost 43% in 2022. Rooftop solar projects met less than 1% of the remaining energy demand.¹⁵

Does TotalEnergies have a solar project in Libya?

In addition to its recent investment in Libya's oil and natural gas sectors, TotalEnergies intends to develop 500 MW of solar power projects in the country.⁷² Libya has also discussed solar power projects with Repsol, PowerChina, Petro Techna (Canada), and others.⁷³

How much natural gas does Libya use?

Libya's natural gas consumption totaled 305 Bcf in 2023 and accounted for more than 70% of domestic production after 2020 (Figure 5).⁵¹ The electric power sector drives Libya's domestic natural gas demand, accounting for about 85% of Libya's domestic natural gas use in 2022.

Distributed energy storage prices in Libya

Libya energy storage

How much energy does Libya use? Electricity and gasoline represent the bulk of energy consumption in Libya []. According to the International Energy Agency (IEA), electricity ...
