

Equatorial Guinea s solar power generation for home use

Overview

Specifically for Equatorial Guinea, country factsheet has been elaborated, including the information on solar resource and PV power potential country statistics, seasonal electricity generation variations, LCOE estimates and cross-correlation with the relevant socio-economic indicators.

Equatorial Guinea s solar power generation for home use

[POWER SHIFTS IN EQUATORIAL GUINEA](#)

Equatorial Guinea has no solar power plant currently connected to the national grid¹. However, the country's location near the equator makes it an ideal candidate for solar energy generation²..
