

Fiji Public Solar Base Station Battery

Overview

Why do we need solar power in Fiji?

By harnessing the abundant Fijian sunshine, we aim to power our pristine Fijian paradise with clean renewable solar energy for generations to come, thereby reducing Fiji's reliance on expensive and polluting diesel generation for electricity.

How many solar PV systems are there in Fiji?

Grid-connected photovoltaic (GCPV) system is gaining momentum in Fiji and there are about 1.7 MW of GCPV and mini off-grid solar PV systems installed.
3.1.2. Wind energy FDoE has set up wind monitoring stations at various locations in Fiji where there was a potential of good wind regime.

Why do organisations in Fiji switch to solar energy?

The answer is simple. Reduce costs, maintain control and look after Fiji. Organisations in Fiji choose to go solar for their energy for a variety of reasons, including financial, environmental, and strategic benefits. One of the primary reasons organisations in Fiji switch to solar energy is to save money on their energy bills.
