

Home energy storage plus balanced charging

Overview

Are solar and battery storage a viable option for a mature home?

As much as these may sound like the considerations of a commercial fisherman, it's actually the menu of options available to energy mature homes that have invested in both solar and battery storage. According to a recent home energy framework from research firm Habitielligence, these homes are at CORE level 4 - Empowered.

Does GM energy offer a home energy storage bundle?

Secure your energy future with GM Energy's reliable Home Energy Storage Bundle. Power your home sustainably with advanced energy storage solutions.

How do I add storage capacity to my GM energy home system?

To explore options for pairing additional storage capacity with your existing GM Energy Home System, connect 1:1 with a GM Energy Home Consultant. , including the GM Energy PowerBank. Enter your home address or ZIP Code to take advantage of all federal, state and local energy incentives, rebates and credits that may be available in your area.

What is a GM energy Powershift Charger?

Captures and stores energy from the grid or compatible solar systems for a brilliant source of home power when utility costs spike or the grid is down. What's Included Still need a GM Energy PowerShift Charger?

GM Energy PowerBank is eligible for a 30% federal tax incentive. See Details You must be signed in to add products to cart.

Do all Level 4 households need a full suite of home energy components?

Not all level 4 households will need, want, or be in a financial position to support a full suite of home energy hardware components (e.g., smart panels,

EV chargers), but having the ability to both generate and store power brings a degree of control and flexibility that most households would envy.
