

Huawei Angola energy storage equipment

Overview

Does Huawei support Angola's green development strategy?

Through their partnership with Huawei, they are already on the path towards green networks and lower network OPEX which will undoubtedly support Angola's socio-economic and industrial development. Huawei actively supports the green development strategies of its operator customers.

Are Huawei's innovative solutions aligned with Unitel's future energy strategy?

Unitel's Maintenance Department Director José Mavungo said Huawei's innovative solutions are highly aligned with Unitel's future energy strategy. Both sides are actively looking forward to further opportunities for cooperation.

Does Huawei support green development strategies?

Huawei actively supports the green development strategies of its operator customers. With the systematic "Green site, Green network, and Green operation" solution, Huawei helps operators continuously increase network capacity and reduce energy consumption per bit.
