

# Huawei Central Africa Mobile Outdoor Power Supply

## Overview

---

What are Huawei's pre-fabricated solutions?

Designed for newly constructed data centres, Huawei's pre-fabricated solutions include integrated power supply, advanced cooling systems, racks, cabling, fire suppression and intelligent management tools, ensuring seamless operation and easy scalability.

How does Huawei help businesses reduce energy costs?

With advanced hybrid solar technology, uninterruptible power supplies (UPS) and energy storage systems, Huawei helps businesses lower energy costs, reduce dependence on the grid, and mitigate the impact of power instability and fluctuations.

Why should you choose Huawei for your data centre power needs?

Whatever your data centre power needs Huawei offers a range of solutions to suit. Huawei adheres to the "modular + intelligent" design concept and reshapes the architecture of cooling, Operations and Maintenance (O&M), and power supply to create next-generation, low-carbon data centres.
