

# **Huawei Slovakia solar photovoltaic panels**

## Overview

---

Will Huawei's new solar PV and energy storage solutions meet global demand?

Huawei's new solar PV and energy storage solutions will meet global demand for low-carbon smart solutions underpinned by clean energy. Huawei has launched its new smart photovoltaic (PV) and energy storage solutions at Intersolar Europe 2022.

How does Huawei track solar panels?

Huawei cooperates with more than 10 brands of tracking solar panels to provide users with a better experience. The technology identifies string faults, evaluates power loss, and recommends repair solutions, completing the full online inspection of a 100 MW power plant in 20 minutes.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).
