

Hungarian battery energy storage equipment manufacturer

Overview

The supplier of the equipment is Huawei Technologies, the project's main contractor is Forest-Vill Ltd. Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

What is Hungary's energy storage goal?

The ministry said that Hungary has set its 2030 energy storage goal at 1 GW in the updated National Energy and Climate Plan. [Home » News » Electricity » Hungary awards EUR 158 million for 440 MW of energy storage.](#)

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124 MW/496 MWh battery energy storage system went live in Lovech earlier this year.

How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion (EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.

Is MAVIR building a 20 MW energy storage system in Hungary?

With funds obtained within a previous program, the country's transmission system operator MAVIR is already building a 20 MW energy storage system in Szolnok in central Hungary, the ministry noted.
