

# **Iceland s new 3 billion energy storage power station**

## Overview

---

Ever wondered how Iceland powers its geothermal spas and northern lights data centers during windless winter nights?

Meet the Qingxi Pumped Storage Power Station - the unsung hero making Iceland's 99.9% renewable energy grid possible.

## Iceland s new 3 billion energy storage power station

---

### [China emerging as energy storage powerhouse](#)

China's power storage capacity is on the cusp of growth, fueled by rapid advances in the renewable energy industry, innovative technologies and ambitious government policies ...
