

Impact-resistant lithium battery pack

Overview

What are the most advanced lithium-ion battery packs?

This list represents some of the more advanced technological lithium-ion battery pack leaps made in the past few years: A majority of the battery pack advances have to do with either the use of new battery cells or the use of multiple voltages. Milwaukee, Metabo, and Bosch fall under the former. DeWalt and Hitachi, the latter.

What is the lithium-ion rechargeable battery pack?

The Lithium-ion Rechargeable Battery Pack is designed for use with all Somfy wirefree external battery-operated motors. Your smart window covering doesn't have to be out of commission while you charge, since our External Battery Pack allows your motorized blinds and shades to continue operating even while charging.

What is a M18 redlithium XC5 resistant battery?

Our M18™ REDLITHIUM™ XC5.0 Resistant Battery is built with a resistant housing, providing increased protection against exposure to common oils, greases, and solvents found in transportation maintenance and manufacturing environments.

What's new with the 20V Max* XR PowerStack compact battery?

Introducing THE NEXT DIMENSION IN POWER with the 20V MAX* XR POWERSTACK Compact Battery. Get 50% more power with a 25% smaller footprint using this battery that works with the 20V MAX* tools you already have.

Why should you buy a lithium ion battery?

This battery provides twice the lifetime of standard cylindrical battery cells and features an impact-resistant, overmolded base with non-marring material. Take advantage of our lightest and most powerful battery as the rubber

overmold base and twice the lifetime combine to form a dependable lithium-ion solution.

Why should you buy a RedLink battery pack?

Each battery pack is durably built for heavy-duty use, runs cooler, and performs in cold weather climates. Built-in REDLINK™ Intelligence protects the battery from overloads, preventing you from damaging your cordless power tools in heavy-duty situations, while the discharge protection prevents cell damage.

Impact-resistant lithium battery pack

DETAILS AND PACKAGING

[Metabo 18V/36V MultiVolt Lithium Ion Water & Impact Resistant Battery](#)

The MultiVolt Lithium Ion Water & Impact Resistant Battery (Model BSL36A18X/ part #380083M) is the next generation of high power Metabo HPT MultiVolt batteries to fuel our expanding line ...
