

# **Inverter 220 to 3-phase 220**

## Overview

---

What is a single to 3 phase inverter?

The single phase to 3 phase inverter comes with RS485 communication mode, enclosure rating IP 20 can protect interior component from damage. Equipped with a clear LCD, a single to three phase inverter can work at (-10°C, 40°C).

What is a single phase to 3 phase converter?

This single phase to 3 phase converter is compact and lightweight, occupying minimal installation space. It features direct wiring connections, making it incredibly easy to connect to phase converter and motor. It's important to note that one converter must be used on one motor only. It converts single-phase power to three-phase power.

What is a 90 kW 3 phase inverter?

90 kW 3 phase inverter 230V, 400V, 460V, IP 20 enclosure rating, V/F control mode, 5%-95%, without condensation. The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection.

What is VFD 3 phase inverter?

2,2kw 3 phase inverter, variable frequency inverter 208V, 380V, 480V. Equipped with IP20 enclosure protection, the vfd inverter 3 phase has strong impact resistance and high safety performance. With RS485 communication, the PID controller of frequency drive inverter is convenient to make closed-loop system. Easy to install and use.

How much torque does a 3 phase inverter have?

Start torque reaches 150% of rating torque at 1Hz. 3 phase inverter with output voltage 3 phase AC 0~input voltage can work at (-10°C, 40°C). Reliable 160 kW variable frequency inverter, 3 phase inverter input voltage 240V /420V /480V AC  $\pm 15\%$  can be optional.

What is a 3 phase variable frequency inverter?

The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection. The variable frequency inverter usually applies for electric vehicles, power generation, marine, and aerospace.

## Inverter 220 to 3-phase 220
