

# Inverter Charging Cabinet

## Overview

---

What is an inverter charger?

An inverter charger is a device that converts DC power from batteries to AC power, while also charging the batteries. All our Inverter Chargers from Sunshine Solar are pure sine wave inverters and generate an output voltage wave form that has a very low harmonic distortion, similar to mains supplied electricity.

Which inverter is suitable for control cabinet installation?

Installation Installation accessories Installation MOVIDRIVE® system application inverters are exclusively suitable for control cabinet installation according to the degree of protection. Installation accessories Type designation Part number Plastic cover Quantity MDX9\_A-0460 - 0750-5\_3-. 28243625 MDX9\_A-0420 - 0570-2\_3-.

What is a lithium-ion battery charging cabinet?

The Justrite Lithium-Ion Battery Charging Cabinet is the ultimate solution for safely charging and storing your lithium-ion batteries. Each charging station locker has multiple layers of advanced shielding to help reduce the risk of battery fires and thermal runaway.

What is a Justrite battery storage cabinet?

Every Justrite battery storage cabinet is made from strong 18-gauge steel. It has double-walled sides, top, and bottom with a 1.5-inch air gap between the walls. The manual-close doors have baffled vents and a unique flame arrester pattern. They are supported by continuous piano hinges for a secure and reliable closure.
