Overview

Is yongucase IP68 waterproof?

Please try again later. The yongucase IP68 waterproof boxes offer reasonable corrosion resistance and are available in over 30 different standard aluminum enclosures and weatherproof junction boxes, giving you the freedom to choose your enclosure. It is suitable for indoor/outdoor and other electronic equipment enclosures.

What is an IP68 enclosure?

IP68 enclosures are the toughest of all enclosures on the IP rating scale. Using a gasket seal design, they offer weatherproof, outdoor-grade protection against everything from dust to prolonged submersion. These are some of the most common use cases for IP68 enclosures:.

Where can I buy a waterproof IP enclosure?

Protect your electronics with a waterproof IP enclosure, available for direct purchase on Polycase.com.

Are polycase electrical enclosures IP68 rated?

Polycase's IP68 electrical enclosures provide superior protection in outdoor environments, ensuring internal components remain safe even in harsh conditions. Available in both plastic and aluminum material options, Polycase's IP68-rated enclosures come in a variety of sizes and styles, including flanged, hinged, and pole-mount options.

What materials are used for IP68 enclosures?

Materials: Polycase offers two material choices for IP68 enclosures: die cast aluminum and polycarbonate plastic. Both offer outstanding durability and useful features, so be sure to see our guide to the differences between aluminum enclosures vs. plastic enclosures to help you decide.

What are the most common use cases for IP68 enclosures?

These are some of the most common use cases for IP68 enclosures: Your application requires a fully submersible and watertight electronic enclosure that can withstand hours of complete immersion, as well as hazards like windblown dust and hose-directed water.
