

Iranian outdoor power supply size

Overview

Iran power plugs often leave travelers puzzled due to the two-pronged design. Make sure your devices have the right plugs or adapters to fit into Iran socket types.

Do you need a power plug adapter in Iran?

Select your country of residence to check automatically if you need a power plug adapter or voltage converter in Iran. First select your country of residence, so we can give you more specific information. In Iran the power plug sockets are of type C and F. The standard voltage is 220 V and the frequency is 50 Hz. Which power plug sockets in Iran?

.

What type of plug sockets are in Iran?

In Iran the power plug sockets are of type C and F. The standard voltage is 220 V and the frequency is 50 Hz. Which power plug sockets in Iran?

In Iran the power plug sockets are of type C and F. Check out the following pictures. Type C: also known as the standard "Euro" plug. This socket also works with plug E and plug F.

Do Iran power plugs work?

Iran power plugs often leave travelers puzzled due to the two-pronged design. Make sure your devices have the right plugs or adapters to fit into Iran socket types. Invest in a good quality universal adapter before you embark on your journey. Universal adapters are versatile and work in most countries, including Iran.

What is Iran electricity voltage?

Understanding Iran electricity voltage is as important as packing your favorite travel essentials. Here's the deal: Iran electricity voltage is 230V and the frequency is 50Hz for their power supply. But why should you care about these numbers?

Well, it's all about making sure your gadgets play nice with their sockets.

Can I use a power socket in Iran?

All power sockets in Iran provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Iran if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Where can I find a power adapter in Iran?

You can easily find adapters in local electronics shops or markets in Iran. However, it's always better to be prepared and bring one with you. Iran's power supply can sometimes be unpredictable, with occasional power surges. To protect your valuable electronic devices, consider packing a voltage stabilizer or surge protector.
