

Italian three-phase 240VAC inverter

Overview

What is a 3 phase inverter?

With V/F and sensorless vector control, 3 phase inverter can work at (-10°C, 40°C), RS485 communication mode, and IP20 enclosure rating. 7.5 hp three phase inverter is widely used for three phase asynchronous motors. 7.5kw variable frequency inverter, 3 Phase 230V, 380V, 460V, RS485 communication mode.

What is VFD 3 phase inverter?

2,2kw 3 phase inverter, variable frequency inverter 208V, 380V, 480V. Equipped with IP20 enclosure protection, the vfd inverter 3 phase has strong impact resistance and high safety performance. With RS485 communication, the PID controller of frequency drive inverter is convenient to make closed-loop system. Easy to install and use.

What is a 90 kW 3 phase inverter?

90 kW 3 phase inverter 230V, 400V, 460V, IP 20 enclosure rating, V/F control mode, 5%-95%, without condensation. The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection.

How much torque does a 3 phase inverter have?

Start torque reaches 150% of rating torque at 1Hz. 3 phase inverter with output voltage 3 phase AC 0~input voltage can work at (-10°C, 40°C). Reliable 160 kW variable frequency inverter, 3 phase inverter input voltage 240V /420V /480V AC $\pm 15\%$ can be optional.

Why should you choose a 3 phase inverter charger?

With one big transformer on each phase, our three-phase inverter chargers are not only capable of supporting 100% unbalance load but also delivering very clean power. The average THD is a mere 5%. It is built with power saver

mode, strong charging current, protocol communication or CAN communication.

What is a 55 kW 3 phase inverter?

55 kW 3 phase inverter 240V, 380V, 480V with high frequency resolution, analog setting: 0.1% of max frequency; digital setting: 0.01Hz. Come with V/F control and sensorless vector control, a 75 hp high frequency inverter has IP 20 and works at (-10°C, 40°C). Humidity 5%-95%, without condensation.
