

# **Japanese curved lithium battery pack**

## Overview

---

What is a curved shaped battery?

Curved shaped battery is used in a growing number of wearable devices, such as wristbands and smartwatches. It can make full use of the internal space of the consumer electronic devices, providing greater capacity and longer usage time. The specification table shows some models of the curved shaped battery.

What is grepow curved battery?

Email: [info@grepow.com](mailto:info@grepow.com) GREPOW novel curved battery is used in more and more wearable devices such as smart clothing, AR/VR, Bluetooth headsets, wristbands, and smartwatches. It can take full advantage of the internal space of consumer electronics devices, providing greater capacity and longer usage time.

What is a curved battery used for?

GREPOW novel curved battery is used in more and more wearable devices such as smart clothing, AR/VR, Bluetooth headsets, wristbands, and smartwatches. It can take full advantage of the internal space of consumer electronics devices, providing greater capacity and longer usage time. Have any questions?
