

# **Lithium energy storage power supply price in Pakistan**

## Overview

---

In 2025, lithium battery prices in Pakistan range from PKR 15,000 to PKR 300,000, depending on type, brand, and capacity. This guide breaks down everything you need to know so you can invest wisely and power your home with confidence. How much does a lithium-ion battery cost in Pakistan?

Lithium-ion battery prices in Pakistan currently range from Rs 185,000 for mid-tier units to Rs 270,000 for high-capacity systems. Understanding the capacity, chemistry, and import dynamics can help buyers make informed decisions, with the right model delivering reliable backup and long-term value.

Which is the best lithium battery in Pakistan?

TigFox, Inverex and Sako are leading names in the Pakistani battery market. They offer a range of lithium battery options, each with unique pricing. Their products cater to diverse energy needs. Pricing is influenced by:.

Why is the lithium battery market growing in Pakistan?

The lithium battery market in Pakistan is expanding rapidly. This growth is driven by the shift towards renewable energy solutions. As traditional energy sources become less reliable, lithium batteries offer a sustainable alternative. Several factors contribute to this expansion.

Can lithium be extended into Pakistan?

Some people successfully worked out its extension into Pakistan. The present writer has collected some stream concentrate samples, both from up and down streams of the Tarbela area and got its XRF analysis confirming lithium both up and down stream. Now it has become a big story purely from an exploration point of view.

Why invest in Pak lithium?

The company maintains 100% interest in the PAK Lithium Project which

contains one of North America's highest-grade, large tonnage hard-rock lithium resources in the form of a rare low-iron spodumene. The Project has significant upside exploration potential.

Where to buy lithium batteries in India?

Saddar Market (Karachi): Known for a diverse range of electronic goods, this market offers lithium batteries suitable for different applications. Montgomery Road (Lahore): Hosts several shops specializing in power solutions, including lithium batteries for UPS and solar systems.
