

# **Mexico Energy Storage Outdoor Power Supply**

## Overview

---

Recognizing this, in March 2025, Mexico's government announced a mandate requiring all new solar and wind power plants to include storage systems equivalent to 30% of their capacity, with the goal of adding 574MW of batteries by 2028. What are the top 10 energy storage manufacturers in Mexico?

This article will introduce the top 10 energy storage manufacturers in Mexico, such as INNOVACION SOLAR, Terra Energy, Genersys Mexico, Quartux, ON Energy Storage, SPIC-Zuma Energia, Smart Energy Mexico, Mexico Energy Partners, AspenEnergy, Voltrak. You can also check the following top list about energy storage to know more information:

What is Mexico energy storage?

Mexico Energy storage was first included as part of Mexico's long-term policies in the Transition Strategy to Promote the Use of Cleaner Technologies and Fuels published by SENER in 2016.

How can Mexico promote energy storage?

To accelerate investments and promote the formation of a storage market, Mexico should introduce technology-push and market-pull policies simultaneously. Procurement targets could be used if policymakers decided that energy storage is a short-term priority, as in the case of the US.

What is Mexico's energy policy?

In recent years, Mexico's energy policy has gradually evolved, and the increasing emphasis on renewable energy has made the energy storage industry's position in the Mexican market increasingly prominent.

Should energy storage be regulated in Mexico?

5.2.1. Mexico Energy storage appears scarcely in Mexican legislation and the few regulations that mention it leave the door open to potentially consider EST

as either generation assets or transmission and distribution assets . If EST were regulated as generation assets, they could operate under a regime of free competition.

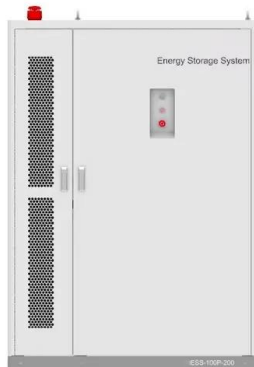

Should energy storage be a priority in Mexico?

If energy storage deployment is considered a priority in the following years, Mexico could accelerate investments through a mix of storage procurement targets and financial incentives. A strong storage market can also be built over time by offering rebates, loans, investment grants, tax credits or other financial incentives.
