## Overview

---

What type of power plugs are used in Morocco?

In Morocco, the power plugs and sockets are of type C and E. The standard voltage is 220 V and the standard frequency is 50 Hz. You will need a power plug adapter if you're traveling from a country with different plug types.

Where can I buy a voltage converter in Morocco?

You can find voltage converters on Amazon, or at your local electronics store. If you would like to bring your laptop, tablet, camera, or other electronic devices with you to Morocco, it's important to check their voltage and frequency before traveling.

What is the standard voltage in Morocco?

In Morocco, the standard voltage is 220 V and the frequency of electricity is 50 Hz. If you're traveling from another country and your electronic device isn't compatible with Morocco voltage, it may not work properly.

How do you distribute your products in Morocco?

We distribute our products throughout Morocco through our logistics department. We provide our customers with tailor-made and rapid installations for all their projects. Our specialized teams take care of all installation work. We guarantee our customers the commissioning, preventive and curative maintenance of all energy installations.

Do electronic devices work in Morocco?

If you're concerned about how your electronic devices will work in Morocco, it's important to check their voltage and frequency before traveling. Additionally, you should know that some electronic devices may require a voltage converter or transformer to function properly in Morocco.

Do I need a travel adapter for Morocco?

If it is not, you will need to purchase a travel adapter for Morocco. There are many different types of adapters available on Amazon that can be used in Morocco. You can purchase a universal adapter that will fit most outlets in the world, or you can purchase a specific adapter for Morocco. → Find travel adapters on Amazon.
