

# **Morocco solar panel greenhouse manufacturer**

## Overview

---

Who is Greenpower Morocco?

GreenPower Morocco installs and maintains photovoltaic solar panels within the country of Morocco. Our photovoltaic panels provide renewable energy that is environmentally friendly. Tangier with possibility of extension. Africa's largest and most modern PV Module factory will produce the first World Module.

Where is a solar park located in Morocco?

Situated in the picturesque commune of Hjar Nhal within the Tangier-Assilah region, our solar park stands as a beacon of sustainable energy in the northern territory of Morocco. Spanning 72 hectares of pristine landscape, this facility boasts a capacity of 34 MWc, generating an annual production of 64 GWh.

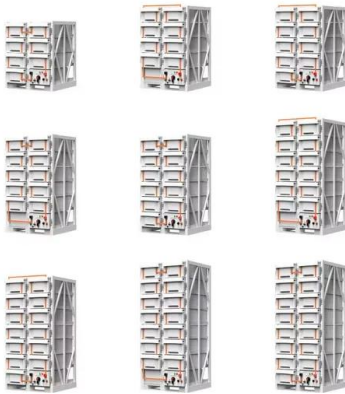

Does Almaden support Greenpower Morocco?

With a foothold in both cities, Almaden is able to synergistically support GreenPower Morocco as it meets the growing demand for clean energy solutions. Our panels are used in local solar plants developed by our parent company, as well as exported internationally to the USA, EU, and African market.
