

# New Zealand industrial energy storage manufacturer supplies

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh  
High-capacity
- ✓ Intelligent  
Integration

## Overview

---

Here at Aggreko, we understand that every business in New Zealand has different needs and requirements - which can also change at the drop of a hat. Which is why our battery storage units are mobile, modular and scalable to match those changing needs. Single units can be easily combined into an integrated.

At no upfront cost and for a competitive rental fee, we guarantee that our systems deliver 24/7 reliability and 100% peace of mind: O&M services, remote.

The 1 MW Y.Cube is a ready-to-install energy storage system - with everything included in a standard 20ft container. That includes batteries, inverter, HVAC, fire.

Our contracts start with rental periods from weeks and are based on a regular weekly, monthly or annual fee. Terms can be easily adapted to fit your business.
