

New Zealand solar panel curtain wall manufacturer

Overview

Who is JY curtain wall NZ?

Premium Curtain Wall Solutions from Design to Precision Manufacturing and Flawless Installation. JY Curtain Wall NZ Ltd is a subsidiary of Guangdong Rising Holdings Group Co., Ltd., and a large-scale, specialized curtain wall company.

What is photovoltaic curtain wall?

Photovoltaic Curtain Wall generates energy in the building implementing solar control by filtering effect, avoiding infrared and UV irradiation to the interior.

What is a curtainwall?

Since 1985 Thermosash Commercial Limited has developed a totally integrated highrise, performance, unitised panelwall (curtainwall) suite to enable all the product aesthetic features to be used on one project. These products can also be used on lowrise applications where large spans or large panes of glass require a higher strength system.

Do solar panels work in New Zealand?

Absolutely! New Zealand has abundant sunshine and generates between 1,700 and 2,100 sunshine hours annually. Some areas, like Nelson and Gisborne, receive as much as 2,400. Solar Panels don't require sunshine; they require daylight, so Solar Panels work year-round, even in the lower South Island.

What is a highrise unitised curtainwall system?

Highrise Unitised Curtainwall or Panelwall systems offer a total cladding package, which are flexible and versatile. The design options for architects from the combinations of materials and colours available today are almost limitless.

Who is JY curtain wall?

As one of the first companies in China to obtain top-tier qualifications in curtain wall design and construction, JY Curtain Wall has been deeply engaged in designing, manufacturing, and installing curtain walls and windows for nearly 40 years. Efficient One-Stop Solutions, Saving You Time.
