

New energy storage projects in the Netherlands

Overview

Wärtsilä is in the final stages of commissioning its first energy storage project in the Netherlands, the country's largest such system to date. The 25 MW/48 MWh battery system supplied to GIGA Storage will be utilised by Eneco, a leading Dutch energy provider.

New energy storage projects in the Netherlands

[What are the energy storage projects in the Netherlands?](#)

The Netherlands is witnessing a rapid expansion in large-scale battery storage projects, which are pivotal in addressing the volatility associated with renewable energy ...
