

Norwegian flexible photovoltaic panel manufacturer

Overview

Who makes solar panels in Norway?

As we delve into the solar landscape in Norway, it's essential to explore the supply chain centers, top manufacturers, and the pivotal factors that are shaping the future of solar energy in Norway and beyond. Primroot.com is a leading-edge professional solar panels & inverter manufacturer based in the high-tech hub of Shenzhen, China.

Are Norwegian solar panels sustainable?

In the landscape of renewable energy, Norwegian solar panels have emerged as a beacon of innovation and sustainability. Norway, primarily known for its oil and gas reserves, is making significant strides in solar energy, marking its transition towards more sustainable energy sources.

Do you need a reliable solar supplier in Norway?

The Norwegian solar market enjoys a healthy presence of solar equipment manufacturers and distributors. They deal with the supply of solar panels and several other components. Do you need a trustworthy supplier for your current or next project?

If the answer is yes, consider yourself lucky because you are in the right place.

Does Norway have solar energy?

Still, it has made huge strides in adopting solar energy even though its lunar resources are limited. According to a recent report, there is a considerable rise in public support for the Norwegian solar industry. As of December 2019, Norway had a cumulative installed solar capacity of 120 Megawatts.

- Efficient Higher Revenue**
 - Max Efficiency 97.5%
 - Max PV Input Voltage 600V
 - 100% Peak Output Power
 - 2 MPPT Trackers, 100% DC Input Utilization
 - Max PV Input Current 15A, Compatible with High-Power Modules
- Intelligent Simple O&M**
 - IP65 Protection Degree: support outdoor installation
 - Smart I-V Curve Diagnostic Function: locate PV string faults accurately and automatically detect faults
 - DC & AC Type II SPD: prevent lightning damage
 - Battery Reverse Connection Protection
- Flexible Abundant Configuration**
 - Plug & Play, EPE Switching Under 10ms
 - Compatible with Lead-acid and Lithium Batteries
 - Max. 6 units Inverters Parallel
 - REC Function (Optional): when an error is detected the inverter immediately stops operation
