

# **Pakistan s power plant energy storage policy**

## Overview

---

Pakistan is witnessing a shift in its energy landscape as the country embraces solar photovoltaic (PV) and battery energy storage systems to combat “chronic” power shortages and high electricity costs.

## Pakistan s power plant energy storage policy

---

### [Can aging thermal power plants in Pakistan be revitalized?](#)

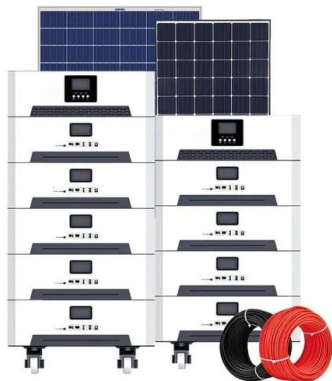

In line with Pakistan's dedication towards indigenizing its energy mix, a new proposal is gaining traction: retrofitting existing furnace oil-based power plants with coal-fired boilers so that they ...
