

Philippines Wind and Solar Energy Storage Power Station

Overview

How many new power projects in the Philippines?

The Department of Energy (DOE) has endorsed 11 new power projects, totaling 4,500 megawatts (MW), for System Impact Study (SIS) approval by the National Grid Corporation of the Philippines (NGCP).

How many solar power plants does Mgen have in the Philippines?

At present, MGen has seven solar power plants in the Philippines across Bulacan, Nueva Ecija, Rizal, Batangas, and Tarlac.

Which wind power projects have been cleared for SIS evaluation?

Additionally, the 200 MW Misor wind power project in Misamis Oriental, led by Northmin Renewables Corporation, has also been cleared for SIS evaluation.
