

# **Photovoltaic curtain wall installation in Albania**

## Overview

---

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

What is Voltalia doing in Albania?

Voltalia has started doing business in Albania in 2018 with the unsuccessful participation in the first solar tender organized by the Ministry of Infrastructure and Energy of the Republic of Albania ("MIE"). Despite this result, Voltalia has demonstrate great interest in the construction of 2.5 MW FiT-solar PV projects.

Which solar cells are used in photovoltaic curtain wall?

At present, crystalline silicon solar cells and amorphous silicon solar cells are mainly used in photovoltaic curtain wall (roofing) systems. Photovoltaic glass modules have different color effects depending on the type of product used.

Is Voltalia a good solar company?

Despite this result, Voltalia has demonstrate great interest in the construction of 2.5 MW FiT-solar PV projects. So far, Voltalia has built 3 of such solar plants for third parties. These 3 projects have been operating for several months now and have contribute to strengthen Voltalia image among the solar players.

What agrisolar projects is Voltalia working on?

Target projects are mostly solar PV and wind. But not only. Voltalia is also working on agrisolar projects, where the food production and the power generation are combined for the upmost use of the lands. About 20% of Albania GDP relies on agriculture that employs about 60% of the population

(as of 2020).

What are the physical properties of photovoltaic curtain wall (roof) system?

The physical properties of the photovoltaic curtain wall (roof) system mainly include wind pressure resistance, water tightness, air tightness, thermal performance, air sound insulation performance, in-plane deformation performance, seismic requirements, impact resistance performance, lighting performance, etc.

## Photovoltaic curtain wall installation in Albania

---

### PHOTOVOLTAIC CURTAIN WALLS

At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a ...
