

Photovoltaic panel power plant in Laos

Overview

Is SolarSpace launching a 5GW high-efficiency solar cell plant in Laos?

SolarSpace, a China-based PV cell and module manufacturer, announced the first phase of a 5GW high-efficiency solar cell plant in Laos, giving momentum to its overseas production capacity. SolarSpace marked the start of the first phase of its 5 GW high-efficiency solar cell plant in Laos at a recent launch event in the Saysettha Development Zone.

Where is edlgen – solar power first project located?

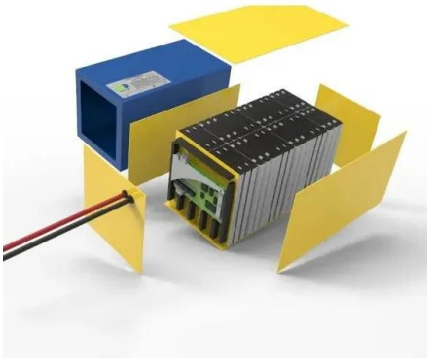

EDLGEN – Solar Power First Project is located at Chaengsavang village, Naxaithong district, Vientiane capital, 2017. Phase 2 with installed capacity of 68 megawatts are planned to operate the construction in the potential area which the projects can linked to where the EDL's transmission lines reached.

What is EDF doing in Laos?

Last year, French power giant EDF secured a contract to lead the development of a 240MW floating PV project co-located on the reservoir of the 1.08GW Nam Theun 2 hydropower project in Khammouane province, Laos.
