

# **Price of household energy storage power supply in El Salvador**

## Overview

---

How much does electricity cost in El Salvador?

El Salvador, June 2023: The price of electricity for households is USD 0.240 per kWh. The electricity price for businesses is USD 0.196 per kWh. This includes all components of the electricity bill such as the cost of power, distribution and taxes.

Is biomass a source of electricity in El Salvador?

Traditional biomass – the burning of charcoal, crop waste, and other organic matter – is not included. This can be an important source in lower-income settings. El Salvador: How much of the country's electricity comes from nuclear power?

Nuclear power – alongside renewables – is a low-carbon source of electricity.

How many generation companies are there in El Salvador?

In 2006, there were 11 generation companies in El Salvador, with 18 out of 22 generation plants in private hands and 97% of hydroelectric capacity owned by the public company CEL (Comisión Hidroeléctrica del Río Lempa).

How many hydroelectric plants are there in El Salvador?

The public company CEL (Comisión Hidroeléctrica del Río Lempa) owns and operates 97% of the capacity. The four hydroelectric plants in El Salvador are: 5 de Noviembre (81.4 MW), Guajoyo (15MW), Cerrón Grande (135 MW), and 15 de Septiembre (156.3 MW), all of them on the Lempa River.

How many geothermal plants are there in El Salvador?

Currently, there are two geothermal facilities in operation in El Salvador, the 95 MW Ahuachapan, and the 66 MW Berlin plant. Majority state-owned power company LaGeo, formerly Gesal, operates the two plants. LaGeo is currently expanding the two existing geothermal plants, as well as conducting a

feasibility study for a third plant, Cuyanausul.

How many CDM projects are there in El Salvador?

Currently (November 2007), there are three registered CDM projects in the electricity sector in El Salvador, with overall estimated emission reductions of 385,553 tCO<sub>2</sub>e per year. One of the projects is a landfill gas project, another one a bagasse cogeneration project and the third one a geothermal plant project.
