

Professional energy storage power charging pile

Overview

Why is it important to maintain the charging pile?

The importance of maintaining charging piles lies in the fact that influences by the changeable environment and ageing inner parts can cause various faults. Regular examination and maintenance are necessary during both product storage and using processes.

What is a charging pile?

A charging pile is a type of outdoor charging station with waterproof, dustproof, and corrosion proof functions and an environmental protection design, featuring a protection grade of IP 54.

How much does a charging pile cost?

The price of charging piles varies greatly, ranging from hundreds to thousands of RMB, causing the price difference. The most important thing is the difference in power. The price of 11KW is about 3000 or more, the price of 7KW is 1500-2500, and 3.5 The portable price of KW is under 1500.

Professional energy storage power charging pile

- ✓ IP65/IP55 OUTDOOR CABINET
- ✓ ALUMINUM
- ✓ OUTDOOR ENERGY STORAGE CABINET
- ✓ OUTDOOR EQUIPMENT CABINET

[EV Charging Solutions , AC DC Charger , Charger Pile , Sano Energy](#)

Sano Energy provides smart power energy solutions such as EV charger piles and stations, DC chargers, and AC chargers. Serving commercial and home EV charging.
