

# **Solar water pump inverter 2 2kw**

## Overview

---

Which solar water pump inverter is available online?

The 5.5kW three-phase AC 220V solar pump inverter is now available online. This solar pumping inverter integrates advanced MPPT tracking for precise voltage detection and optimal performance. The solar water pumping system supports AC and DC input, with a DC voltage range of 300V~380V and a power factor  $>0.99$ .

What is a 4 kW solar pump inverter?

4 kW solar pump inverter with MPPT tracking technology for sale, AC output current 9A at 3-phase, DC voltage range (280V, 750V). Output frequency 0~400 (Hz) and power factor  $>0.99$ . The pump inverter supports AC and DC input, storage temperature (-20°C, 60°C) and ambient temperature (-10°C, 40°C).

What is a 15 hp water pump solar inverter?

15hp water pump solar inverter with MPPT control, AC 25A output at 3-phase, rated power 11kW, and DC voltage range (280V, 750V). 15 hp solar pump inverter with RS485 communication and IP20 protection, supports AC and DC input, works at (-10°C, 40°C).

How much power does a solar pump inverter have?

1.5kW solar pump inverter for sale, with AC 3.8A output current at 3-phase, 380V, DC voltage range (280V, 750V), and recommended DC MPPT range (350V, 750V). With IP20 protection class, the solar pump inverter works at (-10°C, 40°C). The solar pump inverter supports AC and DC input, the power factor is  $>0.99$ , and the humidity is less than 95%RH.

Does a 1 hp submersible water pump need a solar inverter?

A 1 HP AC submersible water pump needs AC power/electricity to function. We can't connect it with the solar panels directly as DC electricity cannot be used

to power these water pumps. Therefore, a solar inverter is also installed along with solar panels in this type of solar water pump.

What is a solar pump inverter?

2.2 kW solar pump inverter with 9A output current for sale, DC voltage range [120V, 480V], RS485 communication mode. With IP20 protection, the solar pump inverter altitude is lower than 1000m, and the pump inverter works at [-10°C, 40°C]. It is usually used in agricultural water resources, desert management, grassland husbandry, and so on.

## Solar water pump inverter 2 2kw
