

Southern European lithium battery pack source manufacturer

Overview

Volkswagen Group's PowerCo is establishing gigafactories in Germany, Spain, and Canada, while Northvolt is supplying Volvo and expanding its presence in Sweden and Belgium. Additionally, ACC, backed by Stellantis, Mercedes-Benz, and TotalEnergies, has launched a battery gigafactory in France. Who manufactures lithium batteries in Europe?

As part of Seri Industrial S.p.A., FAAM operates the first mass production facility for lithium batteries in Southern Europe. Founded in 1974, the company has established itself as a significant contributor to Europe's energy transition through its eco-friendly manufacturing processes and sustainable battery solutions.

Is Europe achieving self-sufficiency in lithium batteries & EVs?

While North America is making strides, with substantial investments aimed at achieving self-sufficiency in lithium batteries and EVs, Europe has yet to reach a comparable level. Despite this, Europe is gaining momentum, with several prototype and full-scale battery plants underway.

How are European lithium battery manufacturers navigating a complex landscape?

Overall, European lithium battery manufacturers are navigating a complex landscape, striving to localize production, ensure sustainability, and mitigate geopolitical risks to foster a resilient and competitive battery industry.

What are the top 10 European battery manufacturers?

These top 10 European battery manufacturers include Saft Batteries, Northvolt, BMZ, Leclanché, Tesvolt, Acciona, Customcells, Akasol, Voltabox, Terrae Holding. For battery manufacturers in specific European countries, you can refer to: Industry status: Saft Batteries is a leading manufacturer of advanced batteries for various applications.

Which companies are developing lithium-ion batteries for electric vehicles?

Cooperative companies: Airbus, Alstom, EDF, Rolls-Royce, and Total. In 2022, they announced their partnership with TotalEnergies to develop high-performance lithium-ion batteries for electric vehicles. The batteries will be produced at Saft's factory in Nersac, France, and will be used in TotalEnergies' electric buses and trucks.

Why should you choose a European lithium battery manufacturer?

Being a European lithium battery manufacturer, we understand that our customers require more than just high-quality batteries. That's why we offer support in all key areas, including design, testing, and certification.
