

Spanish home energy storage battery manufacturer

Overview

Does Spain have a battery industry?

Currently, Spain is dedicated to building an ecosystem for the electric vehicle battery industry, providing support including supporting industries, incentive policies, cost advantages, and infrastructure development. However, what local battery manufacturers are there in Spain?

.

Is Spain a promising hub for electric vehicle battery factories?

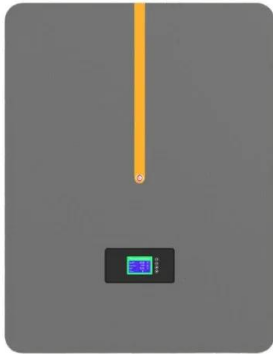

Spain has emerged as a highly promising hub for electric vehicle battery factories. Battery manufacturers such as InoBat and PowerCo (responsible for the battery business of SEAT and Volkswagen) have established battery superfactory projects in Spain.

How does Iberdrola support energy storage?

In terms of energy storage, Iberdrola sees it as a key driver of decarbonisation and the energy transition, enabling large-scale and small-scale storage through pumped storage and lithium-ion battery technology to support the electrification of the energy system.
