

Spanish photovoltaic curtain wall manufacturer

Overview

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

What is PV IGU curtain wall system?

PV IGU Curtain Wall System manufacturing with double or tripple glazed units for BIPV solar facade integration.

What is a spandrel Photovoltaic Glass?

Similarly, Onyx Solar's innovative spandrel glass not only offers a sleek appearance but also generates clean, renewable energy. Traditionally used to cover building structures, our opaque spandrel photovoltaic glass delivers superior energy efficiency with high solar energy yield, thanks to its dense solar cell integration.

What is photovoltaic architectural glazing?

Photovoltaic architectural glazing enables buildings to produce extra energy while maintaining their design, functionality, and views. They enhance thermal comfort and help prevent the greenhouse effect. A standard curtain wall offers no return on investment.

What is a curtain wall?

Curtain walling refers to a non-structural cladding system made from fabricated aluminum, commonly used on the outer walls of tall multi-storey buildings. This lightweight material offers ease of installation and can be customized to be glazed, opaque, or equipped with infill panels.

Who is SCW – smart curtain wall?

ABOUT. THE GROUP. SCW is a company of the Donges Group The Donges Group is the leading supplier of bridges and steel constructions as well as roof and façade systems in Europe. The company combines the strong brands Donges SteelTec GmbH, FDT Flachdach Technologie GmbH, Kalzip GmbH and SCW – Smart Curtain Wall S.A.
