## Overview

---

Get access to the business profiles of top 8 Sweden Solar Energy companies, providing in-depth details on their company overview, key products and services, financials, recent developments and strategic moves. Get market shares and tailor-made intelligence on top players. Does solar energy work in Sweden?

Contrary to the common belief that Sweden is actually cold, the country experiences temperate climatic conditions. While this will not work in the solar energy favor during the cold seasons, it will work during the warm ones. Sweden becomes extremely hot during summer, hence a golden chance for companies utilizing solar energy.

What is the largest solar power project in Sweden?

Most significant Solar Power Projects in Sweden The largest solar park in Sweden so far, the Solar Park in Save covers 11 hectares. It is expected to generate approximately 5000 kW of electricity in a year. Amazingly, this energy is sufficient to satisfy up to 1000 households for a whole year.

Who are the largest solar installers in Sweden?

In the following we will present three large PV-Installers in Sweden. 1. Svea Solar (Stockholm) Svea Solar was founded in 2014 and is headquartered in Stockholm. The company offers a wide range of solar solutions. While the company is established and based in Sweden, it expanded its services to Spain, Germany, Belgium, and the Netherlands.

Who is solarwork Sweden AB (Stockholm)?

Solarwork Sweden AB (Stockholm) Solarwork is a Stockholm based solar installer founded in 2016. The company offers residential and commercial solar installations with ongoing maintenance and monitoring services afterwards. Solawork also offers the concept of Solar as Service (SaaS).

What is the solar market like in Sweden?

The market leans towards specialization, where companies such as SVEA Renewable Solar AB and Exeger Sweden AB focus on specific niches in solar technology. Despite the presence of larger conglomerates like Vattenfall AB, the market is fairly fragmented with numerous smaller companies contributing to its dynamics.

Who does Solartech work with?

Solartech works with solar panels from different manufacturers, including Longi, Electrolux, and SoliTek. Additionally to its solar installations the company offers services for solar battery storage systems and EV Charging Stations. 3. Solarwork Sweden AB (Stockholm)
