

Syria container power generation

Overview

DUBAI (Reuters) - Syria will receive two electricity-generating ships from Turkey and Qatar to boost energy supplies hit by damage to infrastructure during President Bashar al-Assad's rule, state news agency SANA quoted an official as saying on Tuesday. Will Syria receive two energy-generating ships from Turkiye & Qatar?

Men work at a gas facility in Homs province, Syria, Wednesday, on November 9, 2022. (AP) Syria is set to receive two electricity-generating ships from Turkiye and Qatar to address severe energy shortages caused by extensive infrastructure damage during President Bashar al-Assad's tenure, state news agency SANA reported on Tuesday.

Does Syria have a power shortage?

Syria suffers from severe power shortages, with state-supplied electricity available just two or three hours a day in most areas. The caretaker government says it aims within two months to provide electricity up to eight hours a day. (Reporting by Jana Choukeir and Tala Ramadan; Editing by Alison Williams and Timothy Heritage).

Does Syria have a deal with Qatar's UCC holding?

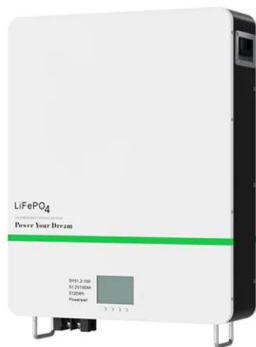

REUTERS/Yamam al Shaar/File Photo Purchase Licensing Rights DAMASCUS, May 29 (Reuters) - Syria has signed a memorandum of understanding with a consortium of international companies led by Qatar's UCC Holding to develop major power generation projects with a foreign investment valued at about \$7 billion, UCC said in a statement on Thursday.

Does Syria have an energy exemption?

The exemption, effective until July 7, permits certain energy-related transactions and personal remittances to Syria, but does not lift any existing sanctions. Syria continues to face acute power shortages, with state electricity available for only two to three hours daily in most areas.
