

# **UAE large capacity energy storage battery manufacturer**

## Overview

---

Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based APEX Investments PSC, a leading diversified investment holding company have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features that surpass current lithium-ion technology. What is the largest combined solar and battery energy storage system?

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.

Why should UAE invest in solar power & battery energy storage?

The world-leading project reflects the vision and commitment of the UAE leadership in driving socioeconomic and environmental progress. The accelerated integration of solar power and advanced battery energy storage sets a new benchmark in clean energy, driving sustainability and reducing carbon emissions.

What is Enercap Energy Holding Limited doing in Dubai?

Additionally, Enercap Energy Holding Limited has agreed to acquire an existing manufacturing facility in Dubai Industrial City which will be upgraded to 6 GWh/year capacity. Enercap has a current global demand of more than 30GWh of large-scale battery energy storage systems.

Who makes SuperCap energy storage?

Dubai-based supercap energy storage manufacturer Enercap Holdings and Abu Dhabi-based APEX Investments PSC, a leading diversified investment holding company have formed a joint venture to build 16GWh per year manufacturing capacity of supercap energy storage, a cutting-edge technology with features that surpass current lithium-ion technology.

Who will supply battery energy storage system (BESS) equipment?

Utility-scale renewable energy developer-operator Masdar said on Friday (17 January) that it has selected CATL to supply battery energy storage system (BESS) equipment alongside fellow Chinese companies Jinko Solar and JA Solar as solar PV module suppliers.

Why should we invest in the UAE energy sector?

Guided by the UAE leadership, this united effort within the energy sector powers the nation's technological advancement, ushering in a new era of intelligence, resilience, flexibility, and commercial opportunity while ensuring sustainable and uninterrupted energy for exponential growth.
