

LiFePO₄
POWER YOUR DREAM

12. 6V200Ah 2560Wh

Specifications:
Nominal Voltage: 12.8V
Nominal Capacity: 200Ah
Max. Discharge Current: 100A
Max. Charge Current: 20A
Operating Temperature: -20°C to 55°C
Storage Temperature: -20°C to 55°C
Weight: 18.5kg
Dimensions: 350mm x 175mm x 125mm

Caution:
Do not short circuit the terminals.
Do not expose the battery to fire or high temperatures.
Do not use the battery in a sealed container.
Do not use the battery in a confined space.
Do not use the battery in a wet or humid environment.
Do not use the battery in a high-vibration environment.

CE **RoHS** **REACH** **Pb-free** **WEEE**

Overview

What is a solarfold photovoltaic container?

at full power. The solarfold Photovoltaic Container is mobile for universal deployment with a light and versatile substructure. The semi-automatic electric drive unit manoeuvres the mobile photovoltaic system into its operating position rapidly and smoothly along a length of around 123 metres.

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

How many homes can a solarfold Container Supply?

The on-grid version of the solarfold container is connected directly to the public power grid and can supply up to 40 single-family homes with the energy produced (energy requirement of 3,500 kW/year/single-family house). The solarfold on-grid container can also be expanded with various storage solutions.

Can the solarfold on-grid container be plugged into a power storage solution?

The solarfold On-Grid Container can also be plugged into a variety of power storage solutions. Each package contains a different number of solarfold Containers and the corresponding battery capacity.

What is the solarfold container monitoring app?

The free monitoring app is part of your package and enables you to monitor the solarfold Container at any time, and from anywhere. The comprehensive functionality of the app supplies data about yield, energy flow and the amount of electricity currently being fed into the grid – and all in real-time.

Ukrainian photovoltaic folding container manufacturer wholesale

Top 15 solar energy storage manufacturers in Ukraine

Ukraine has made significant progress in the field of solar photovoltaic technology, and with the increase in global demand for clean energy, Ukrainian solar photovoltaic manufacturers are ...
