Which EMS companies are positioned for growth?

Flex is positioned for growth as demand rises for customized and flexible EMS solutions in the A&D sector. The company's commitment to cybersecurity and traceability makes it a preferred partner, especially as aerospace and defense electronics increasingly rely on secure, adaptable solutions. 7. Sanmina Corporation.

Is BAE Systems a good EMS company?

As one of the largest defense companies globally, BAE Systems' manufacturing focuses on high-reliability components and systems that meet military and aerospace standards. In light of the rising demand for secure communications and intelligence systems, BAE Systems is well-positioned in the A&D EMS market.

What is the global aerospace and defense electronic manufacturing services (EMS) market value?

The Global Aerospace and Defense Electronic Manufacturing Services (EMS) Market was valued at approximately US\$ 34.56 billion in 2024 and is projected to grow to around US\$ 52.3 billion by 2030. This growth represents a compound annual growth rate (CAGR) of 7.2% over the forecast period from 2024 to 2030.

Is Northrop Grumman a good EMS company?

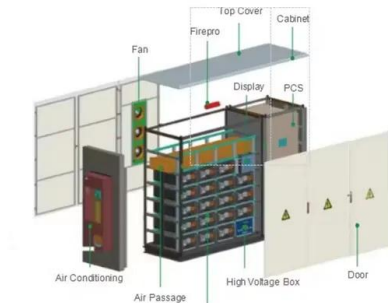

The company's EMS capabilities are among the most advanced, given its experience in producing durable, secure electronics for extreme

environments. With an increase in demand for unmanned systems and electronic warfare, Northrop Grumman is well-positioned to see robust growth.
