

# **Which model of outdoor power supply is bigger in Algeria**

## Overview

---

What is Algeria's solar power supply chain?

The Algerian solar power supply chain grew significantly in the last decade and now seeks to add IPP development, engineering and design capabilities, EPC services, inverters manufacturing, storage solution manufacturing, universal certification expertise, and operations and maintenance services.

What type of plug sockets are in Algeria?

In Algeria the power plug sockets are of type C and F. The standard voltage is 230 V and the frequency is 50 Hz. Which power plug sockets in Algeria?

In Algeria the power plug sockets are of type C and F. Check out the following pictures. Type C: also known as the standard "Euro" plug. This socket also works with plug E and plug F.

How big is Algeria's electricity generation capacity?

Algeria's electricity generation capacity was 15.2 gigawatts (GW) at the end of 2014. This is an increase from 12.9 GW at the end of 2012 and 11.4 GW at the end of 2011.

Why is energy consumption increasing in Algeria?

Algeria's energy consumption has been increasing significantly, rising by 22% from 2010 to 2013, and currently growing at a rate of 5-6% per annum. Extensive need for air conditioning during the hot summer months can lead to unscheduled power outages and brownouts due to the rising demand.

What is the standard voltage in Algeria?

In Algeria the standard voltage is 230 V and the frequency is 50 Hz. You can use your electric appliances in Algeria, if the standard voltage in your country is in between 220 - 240 V (as is in the UK, Europe, Australia and most of Asia and Africa). Manufacturers take these small deviations into account.

Why does Algeria face power outages and brownouts?

Algeria, a North African country with a Mediterranean coastline and a Saharan desert interior, struggles at times to ensure the quality of its utility mains supply, especially during summer peak demand times, which can result in occasional power outages and brownouts.

## Which model of outdoor power supply is bigger in Algeria
