

Which outdoor power cabinet is recommended in Maldives

Overview

Do I need a power adapter in the Maldives?

Whether you'll need a power adapter depends on the type of plug your devices use. Here's a breakdown based on travelers from different countries and continents: In North America, the standard plug types are Type A and Type B, with a voltage of 120V. Since the Maldives uses Type C, D, G, and K outlets, you'll need a Type A/B to Type C/D/G/K adapter.

What types of electrical outlets are used in the Maldives?

When you're planning to visit the Maldives, it's essential to know that the electrical outlets may be different from those you're accustomed to. The Maldives generally uses five types of plug outlet standards: Type D: This plug has three large round pins in a triangular pattern.

What types of electrical sockets are used in the Maldives?

When traveling to the Maldives, understanding the types of electrical sockets in use is crucial for ensuring your devices stay charged and functional. The Maldives typically uses five different types of socket outlets: Type D, Type G, Type J, Type K, and Type L. This socket has three round pins in a triangular pattern and is commonly used in India.

Do type C plugs fit in Maldives?

Type C plugs also fit into a type L outlet. If you're not sure whether the outlets and plugs used in your country are the same as in Maldives, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Maldives provide a standard voltage of 230V with a standard frequency of 50Hz.

Does the Maldives use the same plug type as the UK?

Yes, the Maldives uses Type G plugs, which are the same as those used in the UK. Does the Maldives use the same electrical plug type as the US?

No, the Maldives does not use the same plug types as the US. You will need an adapter for Type A or B American plugs to fit Type D, G, J, K, or L sockets used in the Maldives.

What type of plug do you need in the Maldives?

In North America, the standard plug types are Type A and Type B, with a voltage of 120V. Since the Maldives uses Type C, D, G, and K outlets, you'll need a Type A/B to Type C/D/G/K adapter. Additionally, as the voltage in North America is different, you may also need a voltage converter for devices that are not dual-voltage.
